Construction of the Tranquility Blanket

Unlike other Crochet-Alongs (CALs) or collaborative designs, this blanket pattern was designed as one piece with all designers working together to create one blanket that requires absolutely no seaming.

This means that each part of the blanket is crocheted right on top of the previous part, just like if you were crocheting a “normal” blanket.

Between each part are two transition rows, which break up the parts so they can all shine with gorgeous texture. You will work these two transition rows after each part of the blanket except Part 12. After Part 12, we will place a border and these transition rows will not be needed.

Decide which size of blanket you’d prefer to make prior to starting this pattern.

For the Lapghan, you will:

- Begin Part 1 with the indicated starting chain requirement for Lapghan.
- Choose 10 of the 12 Parts to include in your blanket.
- Crochet the 10 chosen Parts in order with Transition Rows between each Part as instructed.
- Once all 10 Parts are complete, continue to the border instructions.

For the Throw, you will:

- Begin Part 1 with the indicated starting chain requirement for Throw.
- Crochet all 12 Parts in order with Transition Rows between each Part as instructed.
- Once all 12 Parts are complete, continue to the border instructions.

Once the border is complete, you can cut yarn and weave ends.

Materials and Color Planning

Tools & Notions:

- 5.0 mm / H-8 crochet hook (*or hook size required to match gauge*)
- Stitch Markers, Scissors and Tapestry Needle

Yarn Requirements:

Medium (4) Worsted Weight yarn. We used **Sirdar Country Classic Worsted**. This is yarn is 50% wool and 50% acrylic. *Please note, Worsted Weight is the thinner of the two Medium (4) weights of yarn. If you use an Aran (or heavier Medium 4), your blanket will be larger than stated.*

Total amount of yarn needed:

Lapghan: 1,567 gr / 3,412 yds / 3,130 m

Throw: 1,952 gr / 4,256 yds / 3,904 m

Total amount of yarn needed if using 4 different colors, as designed:

Lapghan:

- Color A - Golden: 458 gr / 998 yds / 916 m – 5 skeins
- Color B - Oyster: 488 gr / 1,065 yds / 976 m – 5 skeins
 - Amount of Color B used in Border: 24 gr / 52 yds / 48 m (*included in total amount*)
- Color C - Clotted Cream: 380 gr / 820 yds / 752 m – 4 skeins
- Color D - White, Total Usage: 245 g / 534 yds / 490 m - 3 skeins
 - Amount of Color D used in Transition Rows: 109 gr / 238 yds / 218 m – 1.5 skeins
 - Amount of Color D used in Border: 136 gr / 296 yds / 272 m – 1.5 skeins

Throw:

- Color A - Golden: 570 gr / 1,243 yds / 1,140 m – 6 skeins
- Color B - Oyster: 610 gr / 1,330 yds / 1,220 m – 7 skeins
 - Amount of Color B used in Border: 30 gr / 65 yds / 60 m (*included in total amount*)
- Color C - Clotted Cream: 470 gr / 1,025 yds / 940 m – 5 skeins
- Color D - White, Total Usage: 300 g / 659 yds / 604 m - 3 skeins
 - Color D - White, Transition Rows: 130 gr / 288 yds / 264 m – 1.25 skeins
 - Color D - White, Border: 170 gr / 371 yds / 340 m – 1.75 skeins
